

Tri-Valley Blue Devils 2009-10 Annual Yearbook Contract

TVMHA Player _____ Team _____

Dear Tri Valley Blue Devil Supporter:

The Tri Valley Blue Devils will be publishing its annual Yearbook in March, 2010. The book will be distributed to all the players, sponsors and advertisers of our club yearbook.

This season, the TVMHA will be fielding at least 8 travel teams and 5 house league teams, ages 4 through 18. All of our travel teams compete throughout the state of California, with some traveling to Arizona, Nevada, Utah, and several other states.

TVMHA is able to provide its players with superior coaching, tough instructional practices, aggressive athletic conditioning both on and off the ice. TVMHA has been operating for over 35 years. Your support will enable us to provide the coaching, ice time, league play and tournaments that will give our players every opportunity for improvement.

Our goal is to provide a fun and enjoyable youth hockey experience through teamwork, character development, competition, and physical fitness by developing players in the fundamentals of hockey while offering quality instruction and positive reinforcement.
